Please read the following information as it pertains to the use of Financial Aid on an Education Abroad Program:

All students using financial aid for studying abroad **MUST**:

- Complete the BUDGET PLANNING Worksheet
- Be registered as a "Education Abroad Student" through the Office of Education Abroad for the term(s) they are studying abroad.
- Be registered full-time at UAB the semester BEFORE studying abroad, and must plan to register at UAB AFTER studying abroad (unless graduating).
- Be registered on the Education Abroad program as a full-time UAB student
- Have education abroad courses pre-approved for transfer credit by their academic department, or be receiving general elective credit.

All students studying abroad are responsible for obtaining and completing the financial aid application materials for the next academic year by their assigned deadlines. Application materials received after the deadlines may result in the student not receiving all the funds for which he/she would have otherwise been eligible.

Students who plan to use their financial aid (grants and loans) from UAB for Education Abroad must complete the required consortium agreement provided in their UAB Education Abroad student application. Additionally, students who plan to use their institutional scholarships from UAB for Education Abroad must complete the necessary steps as directed in their UAB Education Abroad student application. This should be completed before the student leaves campus. Financial Aid will disburse on the first day of the UAB semester or the first day of their host institution's semester, whichever is later.

Students must have a direct deposit account on file to receive their aid package refund as soon as possible to meet program provider payment deadlines.
