

HEALTH & SAFETY REVIEW FOR FACULTY-LED NON-CUSTOMIZED PROGRAMS

The Health & Safety Review is part of UAB Education Abroad's ongoing effort to assist Program Leaders in establishing international programs which are attentive to the safety and security needs of UAB students to the greatest extent possible. Program Leaders will need to complete the first part of the review in addition to what has been calculated for an advertised program fee in order to have their application opened for students to apply, while the second part of the review must be completed prior to the program start date.

When referencing vendors within the health & safety review, faculty must provide proof of insurance and the company's risk management plan.

Please answer the following questions and upload this form, along with your proposal documents, via our online portal.

Program Director(s): Program Name:		
Program Term/Year:		
PR	E-STUDENT APPLICATION	ON OPENING
1.		w of time should students meet you at the airport? How do you plan to transport students your designated meeting place? How will students be returning to the airport at the program?
2.		and address of the housing that will be used on the program (hotel, hostel, etc.). Some require further review by UAB Education Abroad.
3.	transport will be use	e transportation (including private transport) that will be used in-country. If private sed, describe the agency's/company's safety record, proof of insurance, proper licenses, ram Leader plan to rent and drive a vehicle at any time while abroad? If so, for what it students cannot drive abroad and that faculty should not drive students abroad.
4.	off-road motorcycling racing; bungee jump	wing activities being planned for program participants as part of the scheduled program: g; scuba diving; jet, snow, or water skiing; mountain climbing; sky diving; any form of automobile ing; spelunking; white water rafting; surfing; parasailing; camping; or any activity at a high-scribe those plans in details.

5. Attach a preliminary detailed day-by-day itinerary for the program, if not detailed on your proposal, including
